Henry Chapman

Sales Engineer | Denver, Colorado
(973) 255-9098 | henry.chapman@icloud.com | henryfchapman.github.io | linkedin.com/in/henryfchapman

Summary

Sales Engineer II at Datadog, promoted off-cycle, with 166% Q3 2026 and 154% H1 2026 attainment and a 100% technical win rate across 26 evaluations. Previously grew Infegy's API business to 10% of annual revenue and influenced $7.5M in closed-won revenue. Started in criminal intelligence analysis for the Manhattan DA and Kansas City prosecutors, contributing forensic work to landmark homicide and police-accountability cases.

Experience

Datadog **August 2025 – Present**
Sales Engineer II, Commercial (Promoted from Sales Engineer) *Denver, CO*

- Promoted off-cycle after 11 months, ahead of Datadog's standard SE promotion timeline.
- 166% of Q3 2026 quota attainment in first quarter as Sales Engineer II.
- H1 2026 Win Hero Award, recognizing the most Sales Engineering wins in Commercial West with 19 new logos.
- 154% of H1 2026 quota attainment; closed the 3rd-largest deal in Commercial West (Q1 2026).
- Maintained a 100% technical win rate across 26 pre-sales evaluations and POC deployments.

Infegy **May 2022 – August 2025**
Solutions & Research Engineer (Promoted from Lead Analyst) *Kansas City, MO*

- Influenced $12.4M in pipeline and $7.5M closed-won revenue across pre-sales engineering and content strategy.
- Grew API business to 10% of annual revenue, including the three largest deals in company history.
- Launched Insights by Infegy, writing 106 insight briefs on brand, cultural, and political trends in social media.
- Named one of Social Intelligence Lab's four 2025 Tech Pioneers for innovation in social listening.

Jackson County Prosecutor's Office **November 2019 – May 2022**
Data Analyst, Crime Strategies Unit *Kansas City, MO*

- Conducted technical analysis resulting in the first homicide conviction of a Kansas City Police detective.
- Spearheaded research that reduced Kansas City-charged narcotics felonies by 90%.
- Managed trial exhibits and courtroom technology for the Kevin Strickland wrongful conviction case.
- Secured $350,000 US Department of Justice grant to launch Missouri's first local Crime Strategies Unit.

Pacific Crest Trail Thru-Hike & 35-State Road Trip | *Featured in the New York Times* **March 2019 – October 2019**

New York County District Attorney's Office **June 2016 – March 2019**
Consultant (Promoted from Technology Analyst) *New York, NY*

- Provided forensic analysis for New York's first state-level domestic terrorism homicide case; analytical work appeared in the New York Times and Washington Post.
- Testified in multiple homicide and violent felony trials (gang-involved homicides and domestic violence).

Education

University of Pennsylvania **January 2020 – May 2024**
Master's in Applied Computer Science (MCIT) *Philadelphia, PA*

- Completed part-time while working full-time at Jackson County Prosecutor's Office and Infegy.

Yale University **September 2012 – June 2016**
Bachelor of Arts in Global Affairs (International Security) *New Haven, CT*

Selected Projects

State of Missouri v. Eric DeValkenaere | *Python, Plotly, GeoPandas, Folium/Leaflet* **November 2021**

- Conducted a multivariate time series analysis of Cameron Lamb's police homicide.
- Analysis enabled the prosecution's arguments that DeValkenaere violated Lamb's constitutional rights.

Narcotics Enforcement Reform | *Python, Pandas, Selenium, ocrMyPDF, GeoPandas, NetworkX* **June 2021**

- Found that Black citizens represented 85% of accused drug dealers while only making up 39% of the population.
- Analysis resulted in a 90% reduction in filed drug-related felonies (1,000 fewer filed drug cases per year).
