Henry Chapman

Sales Engineer II | Denver, CO
(973) 255-9098 | henry.chapman@icloud.com | henryfchapman.github.io | linkedin.com/in/henryfchapman

Summary

Sales engineer who started in prosecutors' offices, analyzing technical evidence and explaining it to juries in homicide trials. At Datadog, delivered 166% of Q3 2026 quota and a 94% technical win rate across 80 evaluations, specializing in OpenTelemetry, custom metrics, and FedRAMP/GovCloud. At Infegy, grew the API business to 10% of annual revenue and influenced $7.5M in closed-won revenue.

Experience

Datadog — *Denver, CO*
Sales Engineer II, Commercial (promoted off-cycle after 11 months) — July 2026 – Present

- Led 80 evaluations since joining (94% technical win rate), specializing in custom metrics scoping, OpenTelemetry, GovCloud, and FedRAMP for customers from manufacturing to frontier AI labs and defense.
- Delivered 166% of Q3 2026 quota in first quarter as Sales Engineer II.

Sales Engineer, Commercial — August 2025 – July 2026

- Earned the H1 2026 Win Hero Award for the most Sales Engineering wins in Commercial West (19 new logos).
- Attained 154% of H1 2026 quota.
- Closed the third-largest deal in Commercial West (Q1 2026): a GovCloud deployment spanning Infrastructure, APM, and Kubernetes monitoring.

Infegy — *Kansas City, MO*
Solutions & Research Engineer (promoted from Lead Analyst) — May 2022 – August 2025

- Influenced $12.4M in pipeline and $7.5M closed-won revenue across pre-sales engineering and content strategy.
- Grew API business to 10% of annual revenue, including the three largest deals in company history.
- Launched Insights by Infegy, writing 106 insight briefs on brand, cultural, and political trends in social media.
- Named one of Social Intelligence Lab's four 2025 Tech Pioneers for innovation in social listening.

Jackson County Prosecutor's Office — *Kansas City, MO*
Data Analyst, Crime Strategies Unit — November 2019 – May 2022

- Conducted technical analysis resulting in the first homicide conviction of a Kansas City Police detective.
- Spearheaded research that reduced narcotics felony charges in Kansas City by 90%.
- Managed trial exhibits and courtroom technology for the Kevin Strickland exoneration.
- Secured a $350,000 US Department of Justice grant to launch Missouri's first local Crime Strategies Unit.

Pacific Crest Trail Thru-Hike & 35-State Road Trip | *Featured in the New York Times* — March 2019 – October 2019

New York County District Attorney's Office — *New York, NY*
Consultant — August 2018 – March 2019

- Provided forensic analysis for New York's first state-level domestic terrorism homicide case; analytical work appeared in the New York Times and Washington Post.

Technology Analyst (promoted from Trial Preparation Assistant) — June 2016 – August 2018

- Directed a year-long cyber-stalking investigation involving 100 fake accounts that ended in a conviction.
- Testified in multiple homicide and violent felony trials (gang-involved homicides and domestic violence).

Education

University of Pennsylvania — *Philadelphia, PA*
Master of Computer and Information Technology (MCIT), part-time — January 2020 – May 2024

- Program renamed Master of Applied Science in Computer Science (MAS-CS) in 2026.

Yale University — *New Haven, CT*
